Policy

Vision for digital learning at our school

The use of digital technologies is a mandated component of the Victorian Curriculum F-10.

Safe and appropriate use of digital technologies, including the internet, apps, computers and tablets, can provide students with rich opportunities to support learning and development in a range of ways.

Through increased access to digital technologies, students can benefit from learning that is interactive, collaborative, personalised, engaging, and transformative. Digital technologies enable our students to interact with and create high quality content, resources, and tools. It also enables personalised learning tailored to students' particular needs and interests and transforms assessment, reporting and feedback, driving new forms of collaboration and communication.

Narre Warren South P-12 College believes that the use of digital technologies at school allows the development of valuable skills and knowledge and prepares students to thrive in our globalised and inter-connected world. Our school's vision is to empower students to use digital technologies safely and appropriately to reach their personal best and fully equip them to contribute positively to society as happy, healthy young adults.

Personal Devices at Narre Warren South P-12 College

Narre Warren South P-12 College operates a Bring Your Own Device (BYOD) program. Classes at our school are delivered with the use of iPads/tablets/notebook computers.

Parents/carers are invited to purchase or lease a device for their child to bring to school. Narre Warren South P-12 College has made special arrangements with DET approved hardware providers who offer discounted prices for the lease or purchase of devices for our students. Narre Warren South P-12 College can refer parents to government or community support programs that may help them if they wish to purchase a device for their child to own, rather than use what is provided for free by the school.

Students are invited to bring their own device to school each day to be used during class time for different learning activities. When bringing their own device to school, students should ensure that it:

- Is fully charged each morning
- Is brought to school in a protective case
- Is Clear of any malicious software such as viruses or malware.
- Is Clear of any inappropriate content
- Can support curriculum content such as Google Classroom
- has at least 4 GB of storage
- operates on Chrome OS, MacOS, iOS or Windows 10 (or later)
- Supports Wi-Fi 5 and/or Wi-Fi 6 connectivity

Please note that our school does not have insurance to cover accidental damage to students' devices, and parents/carers are encouraged to consider obtaining their own insurance for their child's device.

Students, parents, and carers who would like more information or assistance regarding our BYOD program are encouraged to contact the Narre Warren South P-12 College general office.

Our school follows the Department's policy on [Social Media Use to Support Learning](#) to ensure social media is used safely and appropriately in student learning and to ensure appropriate parent notification occurs or, where required, consent is sought. Where the student activity is visible to the public, it requires consent.

In accordance with the Department's policy on social media, staff will not 'friend' or 'follow' a student on a personal social media account, or accept a 'friend' request from a student using a personal social media account unless it is objectively appropriate, for example where the student is also a family member of the staff.

If a staff member of our school becomes aware that a student at the school is 'following' them on a personal social media account, Department policy requires the staff member to ask the student to 'unfollow' them, and to notify the school and/or parent or carer if the student does not do so.
