

# How to read the Annual Report

---

## What does the *'About Our School'* commentary section of this report refer to?

The 'About our school' commentary provides a brief background on the school and an overview of the school's performance over the previous calendar year.

The 'School Context' describes the school's vision, values, and purpose. Details include the school's geographic location, size and structure, social characteristics, enrolment characteristics, and special programs.

The 'Progress towards strategic goals, student outcomes, and student engagement' section allows schools to reflect on highlights related to implementation of and progress towards the School Strategic Plan and Annual Implementation Plan, and efforts to improve student learning, wellbeing, and engagement.

---

## What does the *'Performance Summary'* section of this report refer to?

The Performance Summary includes the following:

### School Profile

- student enrolment information
- the school's 'Student Family Occupation and Education' category
- a summary of parent responses in the Parent Opinion Survey, shown against the statewide average for P-12 schools
- school staff responses in the area of School Climate in the School Staff Survey, shown against the statewide average for P-12 schools

### Learning

- English and Mathematics for Teacher Judgements against the Victorian Curriculum
- English and Mathematics for National Literacy and Numeracy tests (NAPLAN)
- Senior Secondary completions and mean study score

### Wellbeing

Student responses to two areas in the Student Attitudes to School Survey:

- Sense of Connectedness
- Management of Bullying

### Engagement

Student attendance and engagement at school, including:

- how many Year 7 students remain at the school through to Year 10
- how many exiting students go on to further studies or full-time work
- Student attendance at school

Results are displayed for the latest year and the average of the last four years (where available).

Key terms used in the Performance Summary are defined below:

### Similar Schools

Similar Schools are a group of Victorian government schools with similar characteristics to the school.

This grouping of schools has been created by comparing each school's socio-economic background of students, the number of non-English speaking students and the school's size and location.

### NDP and NDA

'NDP' refers to no data being published for privacy reasons or where there are insufficient underlying data. For example, very low numbers of participants or characteristics that may lead to identification will result in an 'NDP' label.

'NDA' refers to no data being available. Some schools have no data for particular measures due to low enrolments. There may be no students enrolled in some year levels, so school comparisons are not possible.

Note that new schools only have the latest year of data and no comparative data from previous years. The department also recognises unique circumstances in Specialist, Select Entry, English Language, Community Schools and schools that changed school type recently, where school-to-school comparisons are not appropriate.

### The Victorian Curriculum

The Victorian Curriculum F–10 sets out what every student should learn during his or her first eleven years of schooling. The curriculum is the common set of knowledge and skills required by students for life-long learning, social development and active and informed citizenship.

The Victorian Curriculum is assessed through teacher judgements of student achievement based on classroom learning.

The curriculum has been developed to ensure that school subjects and their achievement standards enable continuous learning for all students, including students with disabilities.

The 'Towards Foundation Level Victorian Curriculum' is integrated directly into the curriculum and is referred to as 'Levels A to D'.

'Levels A to D' may be used for students with disabilities or students who may have additional learning needs. These levels are not associated with any set age or year level that links chronological age to cognitive progress (i.e., there is no age expected standard of achievement for 'Levels A to D').

## Updates to the 'Performance Summary' in the 2023 Annual Report

Reporting on the following measures has been updated in the 2023 Annual Report to align with changes to departmental and public reporting products.

### **NAPLAN**

In 2023 NAPLAN was updated to report against proficiency standards. For further information on the changes to NAPLAN reporting in 2023, please refer to the National Assessment Program ['Results and Reports'](#) page.

In line with these changes, the NAPLAN section of the Performance Summary includes data on both 2022 and 2023 NAPLAN results. Please note that results from 2022 and 2023 are not comparable.

The 2023 NAPLAN section reports on the percentage of students in the Strong or Exceeding proficiency levels. The 2022 NAPLAN section reports on the percentage of students in the top three bands.

The previously reported NAPLAN 4-year average will not be available until 2026, when there will be 4 years' worth of NAPLAN data available under the new methodology. Similarly, 2023 NAPLAN Learning Gain data will not be available until 2024 as the measure requires a comparable two-year prior result as a point of comparison.

### **Parent/Caregiver/Guardian Opinion Survey, School Staff Survey and the Attitudes to School Survey**

The calculation of the percentage endorsement for all survey measures has been revised to no longer include skipped responses. This applies to all survey measures reported in the Performance Summary. The change to the calculation reduces the negative impact of skipped responses on school results, particularly where there were a small number of respondents to the survey.

Additionally, the Parent Satisfaction measure has been revised to use the percentage endorsement of the 'General School Satisfaction' factor of the Parent/Caregiver/Guardian Opinion Survey only. Previously, this measure reflected an average of multiple factors in the survey. The change to reporting a single factor is consistent with how Parent Satisfaction is reported to schools and in other public reports.

### **Victorian Senior Secondary Certificate**

The Victorian Senior Secondary Certificate section has been revised to include the newly introduced VCE Vocational Major (VM) and the Victorian Pathways Certificate (VPC). This section reports on the Victorian Senior Secondary Certificate completion rate, which includes VCE and VCE VM students at the School, Similar School, and State level. Additionally, two new measures will report the number of students that were awarded either the VCE Vocational Major or the Victorian Pathways Certificate.

# Performance Summary

The Performance Summary for government schools provides an overview of how this school is contributing to the objectives of the Education State and how it compares to other Victorian government schools.

All schools work in partnership with their school community to improve outcomes for children and young people. Sharing this information with parents and the wider school community helps to support community engagement in student learning, a key priority of the Framework for Improving Student Outcomes 2.0 (FISO 2.0).

Refer to the 'How to read the Annual Report' section for help on how to interpret this report.

## SCHOOL PROFILE

### Enrolment Profile

A total of 2610 students were enrolled at this school in 2023, 1265 female and 1345 male.

60 percent of students had English as an additional language and 1 percent were Aboriginal or Torres Strait Islander.

### Overall Socio-Economic Profile

The overall school's socio-economic profile is based on the school's Student Family Occupation and Education index (SFOE).

SFOE is a measure of socio-educational disadvantage of a school, based on educational and employment characteristics of the parents/carers of students enrolled at the school. Possible SFOE band values are: Low, Low-Medium, Medium and High. A 'Low' band represents a low level of socio-educational disadvantage, a 'High' band represents a high level of socio-educational disadvantage.

This school's SFOE band value is: High

### Parent Satisfaction Summary

The percentage endorsement by parents on their General School Satisfaction, as reported in the annual Parent/Caregiver/Guardian Opinion Survey.

Percentage endorsement indicates the percent of positive responses (agree or strongly agree) from parents who responded to the survey.

Parent Satisfaction	Latest year (2023)
School percentage endorsement:	74.8%
State average (P-12 schools):	69.6%

### School Staff Survey

The percentage endorsement by staff on School Climate, as reported in the annual School Staff Survey.

Percentage endorsement indicates the percent of positive responses (agree or strongly agree) from staff who responded to the survey.

Data is suppressed for schools with three or less respondents to the survey for confidentiality reasons.

School Climate	Latest year (2023)
School percentage endorsement:	50.7%
State average (P-12 schools):	59.3%

## LEARNING
